“ From the family of Gary and Kathleen Rollins: We lost an old friend and a great neighbor. We had decades of memories starting in high school and ending February 2nd. Jeff helped support our entire family in all different ways, so a loss like this will cause us grief which is the cost of love.

“ I'll miss you Jeffy, never a dull moment when you were around. I know I never got into fishing like you, but I will be catching some in your honor here soon! Rest in Peace

Collin Wilensky - February 10 at 12:02 PM

“ Without Uncle Jeff, I don't think I would be fishing, from the first fish, a rainbow trout, that I caught with him under a bridge on the Chattahoochee River, to deep sea fishing catching mackerel. I believe that he is one of the main reasons I have such love for animals and am going down the path that I am, he taught me to respect the fish, and all the things related to it. Thank you Jeffy for your amazing lessons and I will forever miss you.

“ Just recently learned of Jeff's passing, so very sorry for all of you. Know how much he meant to you all and what a difficult time this must be.

Will always remember how tirelessly Jeff worked at the flower shop, his clever sense of humor and how much he loved his family.

It's a testament to Jeff and the entire Dougherty family that the decades have not diminished the fond memories or the bonds of friendship.

Thinking about the Dougherty, Moore and Wilensky families and what a pleasure and privilege it was to have known Jeff.

“ I know that I've many fond memories of Jeff, particularly his sharp humor and easy going nature. I count myself among those lucky enough to have known him. Our thoughts are with you all and we hope to see you again soon.

“ I keep wondering what we will do without you? Your laughter, your sense of humor, your kindness... but I realize that you are still here in every memory, every dolphin and every grain of sand beneath my feet. I have been incredibly blessed to have you as a big brother. We will take care of Vickie and I ask that you please watch over my boys and guide them. Sure, throw in a funny little curve ball here and there, but guide them to safety. Love you and I'll miss you deeply.

“ Jeffrey, As families go you have the best, I enjoyed all the time we shared together. Countless memories of delivering during Holidays summers with out stopping. Then when the days where done countless nights of frisbee in parking lots. To many concerts to name from WRAS. You would call and say go get the Beer and Krystal's and I'll pick you up in the wagon. So many good times. You always reminded me that you are Jeff number 1 and I was number 2 and not to forget it. Many nights of Backgammon at Valentino's faded as we met our loved ones and our life's parted. But memories never fade and when we spoke it was like yesterday. Jeffrey your quick wit and special sarcasm are special in all our memories.

Cheers my friend get some rest and we will see you again one day. Jeffrey English

“ Where do I begin? I'm still so raw. How do my children continue to grow up without their funcler? Your personality, intelligence and sense of humor are simply unmatched. Every where I look, I see you and hear you... I thank you for sharing Vicki with us and I pray that you are celebrating with friends and loved ones! Your existence has quite simply enriched every person that you have come in contact with. I love you and am so thankful to have such incredible memories. Please continue to watch over my boys and we will continue to watch over the people that you love
