“ Mark was the best tour guide. Whether it was the coast of California or some place in Georgia, he knew so many interesting places. He took me to his favorite bagel place, his favorite breakfast place, a waterfall, a winery that had amazing dining indoors and out, the aquarium, and the list goes on. Mark made the world a better place.

“ Difficult to find words to express how sad we feel about Mark. We have many fun memories going back for 60+ years. We know this is very difficult for all the family but we especially feel so sad for his two beautiful girls.

“ So many wonderful years and funny memories sitting around the kitchen table with Mark and Shirley while the girls opened Christmas presents – his stories always made us laugh. Mark was a generous and caring person – he treated everyone like family. I will always be thankful for the kindness and love Mark gave to MacLaine. Mark, you will always be Uncle Mark to MacLaine and you will always be remembered as one of the best. Much love, Kim Adler

“ Mark Orris LOVED LIFE!!! Never a dull moment when he was around. He gave the best hugs, and always had a smile on his face. The love he had for his family was apparent in all he did for and with them. I was fortunate to be able to go on a few vacations with him, share softball days with the Orris family, and shared many seasons of Steeler and Penguin celebrations.

A celebration of his life is a fun one as he lived every moment to the max. We will miss you Mark. May God's peace be with you and your beautiful family now and forever.

Love your buddy,  
Claudia
