“ Way too many fond memories to share of my best friend Mike, not to mention, many I either can't remember or they aren't safe to tell outside of Navy circles ;) Mike was really like a brother to me and we enjoyed some of our best years together in the Navy. Everyone says that time heals and being at your memorial service was good medicine for my soul. I'm hoping your dad can upload the video, so others can see just how beautiful a life you lived and how you inspired others. Your service was the best memorial service/celebration of life that I have every attended. It was pure joy meeting all of your family and so many people who loved you so much. Hearing friends and family tell stories about your selflessness, your friendship, your love of life and how you made each of their lives better inspires me to be a better person. Your life and your legacy live forever in the people who were fortunate enough to call you their friend.

I will forever love you like a brother and miss you till the day I die. Until we meet again my best friend, my roommate, my dive buddy, my shipmate. Rest in peace Cheese.

“ We are so very shocked and saddened by Mike's passing. I have known Mike since 1999 and I honestly considered him my brother. We kept in touch all the time and loved to spend time watching Miami Hurricanes football and also attending games when possible. Mike was a very giving and caring person who would do anything for anyone. He will forever be missed. Our condolences go out to the family during this tough time. Rest in Peace my friend!

“ I met Mike a couple years ago playing volleyball. Mike was one of the most positive people on the court. Always upbeat and encouraging. I was always glad to see his smiling face come through the door. We with the over 35 group will miss him immensely!!!

“ Mike was such a wonderful person who brought all of himself 100 % to assist with my clients even in the heat of the summer days he would stay all day adding his quick witted humor and encouragement. He was one of my biggest supporters to try to find a place to treat my veteran clients using hippotherapy. He not only cared about the veterans he also offered encouraging words to my younger clients with special challenges. He definitely kept me on my toes while he was assisting as he was always a bundle of energy! My most fond memory was his initiative to pull all the volunteers together to create a functional space for me and all of the equipment required for treatments. Such a great surprise! He will always have a special place in my heart and I will always be grateful for our times spent together. “Mike, this is your ride!” We will all truly miss you!

“ I dont have a memory of Mike that doesn't include that bright beatuful smile. He was always one of the most cheerful positive people I knew and he brightened up a room with his presence.

“ For the last 20+ years Mike has been one of our very best friends. Active in our family life Mike was much more than a friend. Certainly, one of our most favorite people we are shocked and heartbroken by his sudden death and can't imagine that anyone who knew him isn't in the same confused daze. He was one of the brightest lights we knew and the world will simply not be the same in his absence. As time begins to heal our hearts it would be wonderful if we could figure out a way to pay our respects to Mike and attempt to make the impact on others as he did for us. Whether a group of us coming together for a volleyball tournament with proceeds going to Special Olympics or simply getting a group together in his name to volunteer with the Special Olympics or disabled veterans, both very dear to our friend Mike's heart. In the meantime, prayers to all who are mourning his death.

“ I had pleasure to work with Mike at Control Systems for 15 years. We were a small company that was more like a family. So many fun memories with Mike. We worked and laughed our way through projects together. Mike was a kind and fun loving soul.

To Mike's family, there are no words to express how deep this loss must be. May Mike's smile and laugh give you peace and comfort through all of your days.

Rest In Peace My Friend.

“ Mike and I met as he was volunteering with Windy found equine therapy. I was a patient and we became friends because we share the same sarcastically quick humor and wit that Mike loved to use to get me through the sessions. We stayed in touch after and had great laughs. Mike was a great friend and had a huge heart. This is sad news and he and his smile will surely be missed.

“ I's not sure what to say. I am saddened by Michaels death. I send my condolences to everyone affected. Michael and I first met in middle school. We had been in touch off and on in past years. I no longer live in GA and am in CO. I have missed the call of lets go and catch a dinner or our long standing Red Lobster lunches after church at North Point. To the Millers , we all loved Michael for who he was. Please do not ever forget he had a big network of friends that loved him.

“ Mike was an awesome Dude! Met him about 5 yrs ago while we we both job hunting... met at Vet's table at RUMC career night. Brothers ever since, he joined the volunteer team with Windy for hippo-therapy when I invited him! His heart took to the kids, horses & the team! Everything about Mike will be a cherished memory.
