“ I was friends with Suzan since the 80s we met at AT&T. We shared meals together and kept in touch. Suzan was always great in keeping in touch by calling and we enjoyed times out together. She loved her neice and nephew and was very proud of their accomplishments. She shared my joy on our first grandchild. She will be greatly missed but I am sure she is a better place and free from the world's worries. I will keep her in my prayers. Wishing you strength and peace during this hard time.

“

Suzan I have Katie.

She is safe and getting along fine with the other kitties.

We will take good care of her just like we did Conner...

Thanks for the years of crazy and fun and tumultuous, times....

I will always get a laugh remembering us going to pick up Hunters firebird at his highschool!

We were so dumb we got in to drive it not realizing it had been booted!

I said " what is that noise?" and you said " I dont know but it doesnt sound good"! omg ..That was hilarious...

I will remember you every time I look at the photo of Hunter when he was 12 and Bella, your beloved Corgi when he rescued her from your burning house..and then got embarrassed when the newspaper ran a story on him!

He will always remember you too as he was given an award from the mayor for that!

I will smile at Christmas when I see your German carved ornaments on my tree.

I will remember you when I see muscle cars and hear the Doors on the radio! ..and until we catch up again...Don't talk Jim's ear off!

love you, Linda
