“ *Alice Todd was one of my first mentors at work in the early 90s. She had a wealth of knowledge - not only of the printing industry, but as a student of people and negotiation. She taught me things that I still use today in my work. Beyond this, Alice had the kindest heart. What a great lady to have in your life as a 20-something to teach you so many things. We had great times - (mostly during lunch hour) where we would sing in the car and talk about life lessons. I would not be who I am today without Alice's influence. I regret not staying in better touch, but thankfully through the wonderful people I've met through Alice, they let me know of her passing. This is sad news, but I am certain she is in heaven singing and smiling down on all of us. You will be missed but always in our memory Alice!*

“ *Alice was a faithful member of the choir all the years I served as Director of Music at Peachtree Presbyterian. We've enjoyed being with Alice and John each month during the past several years. She was loved by many, and served our Lord in many ways. The family and many friends continue to be in our prayers.*

“ *Alice was such an influence on my life. Growing up in Red Oak in the same neighborhood I was always in and out of her home. She treated us kids as if we were just part of the family. She dedicated her life to us on and off the ball field. She will definately be missed!! I continue to pray for Jimmy, Scott, Ann, Billy and their spouses and grandchildren. Know your mother was definitely loved by many.*

“ Alice has been a big part of me life since we met and bonded at age 8. We have shared great times and hard times, laughs and disappointments, all the while giving each other hope and a knowledge that friends are to be cherished and strong bonds build in childhood can continue thru the decades. Over the years, we would be separated by distance and distracted by life's challenges, but we always knew the other was there in our hearts. You will be missed, dear friend, but I know you are in one of God's rooms now rejoicing in the knowledge that you have found the truth and the love of everlasting life. Ann Bergstrom

Hi Ann,  
Barbara Caldwell let me know of Alice's passing. I am so sad to hear this news. I certainly would have been at the funeral if I had known. You and Alice shaped me as a young woman starting out in advertising. I don't know that I would be where I am without both of your life coaching and mentorship. I hope you are doing well, and that you and Richard are still chillin' and enjoying life. I think about you often! I definitely learned how to hold my own in a room full of men from YOU. Thank you for that and so many other awesome memories.
