“ *There is so much I can say about this man. I knew him when he was a boy. We grew up together. I am heartbroken that he is gone. Even more so that I wasn't there for him over the past couple of years. Blake was definitely one of a kind and will truly be missed. I wish I could have been there for the services but I actually just found this out today. I'm in shock. I always thought I'd see or speak to him again.*

“ *My cousin Blake could have been titled the "kind-hearted" cousin. He was always on the ready to lend a hand to a younger toddler, an aging aunt or his beloved brother Grant. Quiet, strong and handsome, Blake made his mark at our family gatherings by looking out for people in need. Easy to talk with if your 90+ or 3 We miss him and will forever have a large void for our "kind-hearted" cousin.*

“ I fondly remember my cousin Blake as one of the most unselfish persons I have ever known. In one such example, at the last "Lake" family reunion we had a few years ago, all of the kids were having difficulty getting up onto the water trampoline. Blake suddenly found himself hoisting kid-after-kid onto that trampoline for what seemed like 2 hours straight. He was so tired, but he was more than happy to serve those kids so that they could enjoy themselves.

*And, of course, everyone noticed how he protected and cared for his brother Grant. Blake was a special person, and I will miss him dearly at future family gatherings.*

“ Our thoughts and deepest prayers are with Blake's family and friends. Blake quickly became a part of our family over the last several years. He was a secret keeper, advice giver, a great listener, and my very best friend. I will forever miss his infectious laugh. Blake was by far the most selfless man I have ever known. With that being said I am truly blessed to have had him in my life. Jason and I will continue to keep his memory alive.

“ So shocked to hear of your loss!! Blake was in my third class at Kimball Bridge, and was one of my favorites. He later became one of my son's, Billy's, best friends from fifth grade through high school. He's one of those kids I'll always remember fondly. Last time I saw him was at Longhorn's. He comped my group of friends a couple of desserts because he had been my student. He was special! So many kids I've taught over the years, don't remember most, but that was a great group of kids!
