

Brandon Shields

September 2, 1948 - February 19, 2024

J. Brandon Shields, 75, of Woodstock, Ga passed away February 19, 2024. He was born in Alexandria, VA and lived his entire life in Atlanta, graduating from Briarcliff High School and the University of GA.

Brandon devoted his life to building two businesses, Roberts-Shields Memorial Company and Shields Professional Vehicles. He was highly regarded in the industry and received recognition in numerous areas.

Brandon was known for his kindness and generosity as well as his great love for his family. We will always cherish the memories of his fun sense of humor, too. His passion was sports cars, specifically Porsches. He collected them for many years and was able to fulfill his dreams of driving on the Autobahn and the Nurburgring. He spent much time at his home on Lake Lanier where he enjoyed boating, jet skiing and the relaxing pace.

He is survived by his wife of 51 years, Nina Powell Shields, daughter, Julie Marie Shields, daughter, Staci Shields Bolton and her four children; Braydon, Brookann, Brynn and Brielle.

Private family graveside services will be held at Arlington Memorial Park.

In lieu of flowers, if desired, please consider a contribution in his memory to:

“ I worked for Brandon and he will be dearly missed. He was a beacon of joy every time he was in a room. He was always in a good mood and the type of person who never met a stranger. A stranger was just another friend he had not previously met. A truly admirable individual who always made a point to make a personal connection with everyone he met.

“ I worked for Brandon for 16 years. He was a joy to work for. I have a lot of Admiration and Respect for the Man. He could be silly and goofy and just fun to be around. He could also be brilliant. He had a great sense of Business and Sales. I am so Thankful to have known the Man. And, appreciate the opportunity to have been employed by Him. With all due Respect. May God Bless

“ Nina - My thoughts and prayers are with you and your family. I don't know if you remember me, but I worked for Gene Lowe in the mid to late 70's and early 80's. I remember you stopping by when Kay would be at the office. You were always so kind and my heart breaks for you. Debbie Staton Benson - Canton, Georgia.

“ He was really kind and thoughtful, I was an annoying goth girl who wanted a hearse and had big dreams of being a director someday, I emailed him about availability of coaches in my budget, and he responded promptly with pictures. The car I could afford was a back lot car and I was warned it had a bad battery. I arrived just before closing with 2,000 cash, and low expectations, instead he had made sure they put a battery in the car and had it running for me, he was so kind to a silly kid, and gave me an Eagle Coach Co. mug to take home. I think about that encounter often , he could have been judgmental or unkind, but he made a kid so happy, and I drove the wheels off that powder blue hearse before finally becoming a Director. That small kindness made a world of difference.
