“ *I loved coming to see aunt Brenda. She was always so excited for me, whether it was going off to study in Australia or starting school in a new place, or dating someone new. She always bought me the coolest clothes too 😊. I'll miss how genuinely interested she was in my latest hobby or adventure.*

“ *Loved working with Brenda and her sister and her mother at the National Library Bindery Company during my summers. We had the best time riding in the back of Parker's station wagon. Then my heart was full when we worshiped together at Union. God bless her family.*
