“ *The dioinetifn "secular" is not my dioinetifn. It's the dioinetifn of a culture that still considers faith in a god to be the default, and therefore needs to tag asOther" anything that deviates from that default. And since we're living in a Jewish state, that default defaults (::snort::) to Judaism.I am an atheist. I am only "secular" in the same way that gay people are "sick" to homophobes. Your question is like the one of the aforementioned homophobes asking a gay person "why are you sick."###imported-begin###Aink###imported-end##*
