“ Charlie, as I called him. What a wise man and knew more about real estate as ever, he could still tell you everything about his home square footage included. He spoke so highly of his family and I must say his family had and has such unconditional love for him. The support and love they gave him was nothing less than priceless. Le'ts not even start about Dolly Parton he knew every word to her songs. Charlie, thank you for showing us all family really is everything.
