“ I got an email today and certain parts made me think...especially of you.

A Keeper

There are just some things that make life important, like people we know who are special.... And so, we keep them close!

Sometimes, what we care about most gets all used up and goes away...never to return. So... While we have it... it's best we love it... And care for it... And fix it when it's broken..... And heal it when it's sick.

I was struck with the pain of learning that sometimes there isn't any more.

However, this is true...

Good friends are like stars.... You don't always see them, but you know they are always there...

*You are a STAR KEEPER,
