“ *My thoughts and prayers go out to everyone who knew Craig. He was one of the nicest people I have ever met. I was a true mentor to me when I was just starting out at UPS. His long battle was a testament to his attitude towards everything in life which was nothing its too big or too small to deal with. God Bless!*

“ *Craig and I got promoted in the same month in Louisville. We went out and celebrated our promotions and become good friends. He was always cracking jokes, telling funny stories and smiling. Once he transferred to Atlanta, we stayed in touch and had diner whenever we could. He was always up for a good practical joke including on Terri and the girls. I will miss him. Mark Mitchen*

“ To the Johnson Family, I knew Craig for about 10 years - over the years we were in various meetings together - always discussing important strategies for UPS, and then of course he got ill. During this time he became such an inspiration watching him battle, and then maintain his positive outlook. The last time I saw Craig was last summer I was having coffee and I was alone, he stopped over and joined me - and we spoke about so many things - non work related, he was talking about his family, and life, and I shared mine with him and I paused and thought how gifted I was that here's this guy that is possibly counting minutes in his life, and we are sharing some of those precious few together - discussing life. Your Dad/Husband/Son loved you all and fought hard as I know you know. I wish the Lords highest blessings on your family as you grieve his passing. I am blessed to have known him.

We are so glad to have met and have known Craig over the years. We know he was a good man, wonderful husband and father and a very loving person. We saw him excel at UPS and were proud of his many accomplishments. He stayed positive throughout his battle with cancer and always had a smile on his handsome face. We pray for you, the girls and the entire family at this time and send our deepest sympathies.

“ Craig impressed so many with his kindness and intelligence. He was a common sense leader who caused those he worked with to want to be around him. His insights and work ethic benefited all of us at UPS over the years, and I was proud to have known him and to get the opportunity to work with him.

In any interaction with Craig, you were always left smiling. His approach is rare in business and extremely effective.

May the good Lord bless and keep you, Terri, and your girls, and watch over you until you all reunite in heaven one day.

“ We would like to express our deepest sympathies to the whole Johnson family and especially wife Terri and daughters Lindsey and Emily. We never had the privilege of meeting Craig. But, through our son's friendship with Emily, we learned about his brave fight and the wonderful family and friends that have surrounded him during this difficult time. It is truly the mark of a good man that Craig made such a deep impression on so many.

*May God comfort you during this time.

When working on the most complex of problems, he would often see the way through before everyone else. He was a source of sound advice and always a good laugh. And the finest example of integrity. “ Craig will be truly missed by all of us at UPS. His optimism and enthusiasm were a shining light that made us all feel good. He was able to strike a great balance of being focused on the task at hand while also being kind and supportive. His integrity and trustworthiness allowed him to be incredibly effective in getting people to work together. His curiosity and strong intelligence enabled him to see complex issues clearly and help all involved work towards the best solution. Craig's life was clearly too short, but he absolutely filled the years that he had to the brim.

“ Craig was a great partner; a great financial mind and more importantly a great person. He was always positive and happy at work and made any endeavor more enjoyable by his approach. My favorite memory of Craig was at a Christmas party my wife and I hosted. Craig was there with his lovely wife and incredibly cute children and it just struck me what a wonderful husband and father he made.

I met Craig on his first day at UPS. By the end of the week, everyone knew that he was something VERY special. And...with Craig's sense of humor, I know he would appreciate the dual meaning of be called "Special".

*Terri, Lindsey & Emily,
