“ *I had the privilege of working with David back in the early 80's at a roofing manufacturer. I only recently learned of David's health battle. He was always such a positive man. He was always my friend. May he rest in peace. My prayers go out to his entire family. May God Bless you during this difficult time*

To lay down in a deep sleep to see His true Father in Heaven is some place we all want to be one day...But it saddens me to say my cousin has made his journey to roll call....See one day we must all fall into the everlasting arms of our One and true Heavenly Father....  
It just seems like yesterday when I saw him last at his mothers my mom sister 80th birthday...Joy to our hearts and a smile that left a part in all our family's heart ....But yet we must rejoice and celebrate because only God know what's best and our plans for life.....Although he's gone he's fought the good fight and now has taken flight....well done thy good and faithful servant now time for eternal life.....  
R.I.P Cousin David may your reat be sweet oh p.s. tell my uncle hello....ijs my prayer for my family strength and comfort #cancersucks #HateCancer

*I am quite saddened from hearing of David's passing. We worked together at Gates Engineering and Mule-Hide Products Co. years ago. Every several years he would call and we would reminisce of our times working together. He was a good person and I'm honored to have known him and will always call him my friend. My deepest sympathy goes out to his family.*
