“ There are really no words to express the loss of a family member and friend. But the memories we share are priceless. We first met Dave and Ellen when they were our neighbor in Burke, VA. Our kids played together. Ellen and Dave were wonderful, helpful neighbors alway ready to help. We continued our friendship when they moved to Alpharetta and later we moved to Augusta. We enjoyed going to a GA game where I did not know proper dress attire for a college football game and spent time in line before the game buying me a GA shirt. It was a hot, hot day but a wonderful time with these friends. We continued to keep up via Christmas cards. Ellen much more than I. One day I found their number and called. Dave answered and we had a great time catching up. Ellen later called and we continued to catch up, now talking about our grandchildren. Sending our love and sympathy during this very hard time. We love you Ellen and your family. Dave will always have a special place in our hearts!!!!

“ I remember playing kick the can in the neighborhood where David and I grew up. There were a dozen or more kids playing every night. We were all in grade school, Kingsley Elementary. I was in 7th grade, Dave in 5th, but he was one of the tallest kids there. It's one of my earliest memories of getting to know him. I knew of him and his family, I delivered the morning paper around the circle before school and their house was on my route. He stayed that fun, big kid his whole life.
