“ Born cousins, but more like brothers. Some of my fondest memories are in Mama's yard climbing the magnolia tree, playing baseball and tag team wrestling with Uncle Stan. Our later years spent fishing on the pond and river and dragging each other around Lake Lanier of water skis. I remember the drive to Auburn to drop me off at school, only miles separating us, We both chose public service, you with the police force and me in the military. You were always the first to call or visit a new duty station. I use to think you were stubborn, only to realize the conviction and dedication you placed at the task at hand wither job or raising your family. What a great father you are and what a legacy you left behind. Zack, Mattie and Dylan will always be proud. More people should possess the traits you displayed, this world would be a better place. You fought illness with dignity and have no pain or weariness, for you have sprouted wings like eagles and taken you place in heaven. Never to say goodbye for you will always be with me, I will see you again my brother.

“ David I know you suffered for many years with this horrible disease, we both watched many family members suffer from it. I know we talked about it alot and I know you are resting peacefully now and are no longer in pain. I promise to take care of our children, and raise them the way you would want them to be. They are strong and will be for years to come. They will always love you and will never forget you, your presence will always be with them wherever they go. You will always and forever be in my heart as a part of you lives on in them, May you RIP David.

“ David I will always Love you and miss you. The promises I made you I will always keep. I will always be there for Zachary, Madison and Dylan forever. Always putting my Grandchildren 1st no matter what was the mark of a very unselfish person. You gave everyone first. Knowing that you are not in any pain any more makes it a little easier. When you reached out to Jesus at the end It was wonderful. Again, I will miss you, son, for the rest of my life..

“ God took a wonderful angel to be with him today on the 8th of July...David we have known you since birth...you were such a cute little boy.....we were always with you and your sister on almost all holidays. Then time went by, you grew up and had your family....we have always been impressed how you protected and put your children first even before your self. You will always be remembered as a very nice young man. God bless your family as they go through this time. Rest In Peace David.....we all loved you so much.

“ Dave-
You were such a good friend (brother) to Mike. He is lost without you. I know that he misses teasing you and embarrassing you....so that you would be at a loss for words and could only smile and say "WOW". You fought the good fight, and please know that Mike is looking out for your family as he promised you.

“ *David was like a second father to me being as Madison is my best friend. He was the nicest and caring man I know. My favorite memory is when he took us to the lake even when he was in pain. He always did fun things with us even if he was in pain. He was the greatest father ever. He put his kids needs before his. I always looked up him. May he forever rest in peace!*

“ *David,*

Thank you for your service, commitment and dedication to the Lithonia Police Department. The citizens of Lithonia are fortunate that you chose to continue protecting others in our small town and for that we are all safer because you passed our way. Today, you are safe in the presence of He who is our creator and I am sure you have already begun your tour of duty. Rest in peace as you will be eternally remembered as a member of the THIN BLUE LINE!

Tyra, I'm praying for you to have strength and peace in your heart during these difficult days. It is heartbreaking for any parent to loose your earthly child, but David will always be by your side and walking streets of gold, pain free.
