“ Some of my fondest memories are of time Johnny and I spent with David and Delores. I especially remember our trip to see the fall foliage. David was a very special friend to Johnny and then to me. I will always be grateful for our times together. Michaelae

“ David was a part of our family business for 40 years, and thus he and Ruby were an extended part of our family. I was a young boy when David came to be a part of our family run business. I would go to work with my dad and play and get into mistruff. I was heart broken when I broke my favorite toy, a western rifle in to two pieces . David was able to put it back in one piece for me . from then on he was my hero. As I grew older I went out and worked on the crews along with David . being around David I learned to do things the right way the first time and not take shortcuts no matter what it took. David had a tremendous work ethic and to this day I find my self asking what would David Smith do. When David retired and I lost my Dad, I continued to run the business, and anytime i felt I was over my head I would call David for his expertise he was always willing to help any way he could. I feel very fortunate to have had David Smith apart of my life for almost, most of my life. You worked tirelessly, you made an impact on those who met you, now rest easy sir and be with God.
