“ I have fond memories of my cousin Dolores. I can remember at Christmas she would play with the trains around the Christmas tree with me and David. I always loved to go sit in her bedroom with all her beautiful dolls. She was the the first woman executive I new with her green Rambler, I always looked up to her. She would always check on my Dad to make sure he was alright, I think they took care of each other. My cousin was an incredible human being. Your Cousin ,, Maria Salvi Fairbank

“ Dolores, my dearest Cousin and Best Friend Forever. As a very close knit " Italian" family growing up we did lots of fun things together (to many to mention). Dolores and I both loved to travel together; which we did a lot of as adults and were very good travel companions. She was always ready to go (if I could get her to get the time off work). Dolores was very dedicated to her jobs and successful at them all. Dolores was respected by all her peers throughout her life no matter what she did in life. Even thro we lived states apart we remained closely connected with her life and mine. I will miss my cousin and BBF: "Our Memories we made have now become my Treasure!

I LOVE YOU DOLORES TO THE MOON AND BACK:

“ *Dolores was a get it done kinda gal who cared passionately for whatever she was involved in. I volunteered alongside her through our church health ministry where she was instrumental in making sure we ran our blood drives successfully through the American Red Cross. Dolores was spunky and she will be greatly missed. RIP my friend*
