

## Ms. Donna Bradley

September 18, 1960 - August 12, 2021

Donna was an incredibly loving, joyful, and charismatic soul. She had a unique way of lighting up a room with her warm, bright smile and outgoing charm. Her quick wit and contagious laugh were sure to energize the atmosphere, even in the dreariest of situations. She had a servant's heart and deep passion for helping others, which led her to form countless friendships. The light of her life was her three boys (Ryan, Derek, and Taylor), her daughters-in-law (Nisha and Allison), her granddaughter (Ansley), and her two grandsons (Landon and Knox). She loved to share their stories with anyone she met—a proud mother in the truest sense. She was an avid animal lover who dedicated much of her time to helping shelter dogs find forever homes. She had a heart that was overflowing with compassion and kindness and was known for her trademark way of living life to the fullest. Whether in the office, at the kennel, on the tennis courts, or at home, Donna had a tremendous impact on those around her. She had a natural way of inviting people in and making them feel special. She will be dearly missed, and forever loved; the memories she leaves behind with us will be cherished in our hearts for eternity.

The Bradley family is incredibly grateful for the generous outpouring of love and support that has helped carry us through our time of grief. We thank you all for your gracious condolences and your kind words. The stories and memories that you have shared are a powerful testament to the affectionate,

kind hearted, and beautiful person that our mother was.

“ Donna Bradley was the person that actually helped and guided me to find my way around after arriving to Jacksonville from Europe. Without her I would have never started with the airlines and my life would have taken a different turn. We met at Campolis where she worked already and I just started. I am really shocked that she passed away.  
My hard goes out to her family even they will not remember me since Derek was just born.  
I am so sorry.....

“ Aunt Donna you were hands down the best person ever to come into our lives. Thank you for embracing , and welcoming us into your life and as family. Thank you for the countless memories: celebrating all our birthdays together, taco nights, hiding and wrapping of Christmas gifts, allowing Aiden to indulge in the most sweets, and telling him “oh hunny, your parents will never be better than me”, plus many more memorable times. Birthdays, celebrating Aiden’s accomplishments, and visiting Italy won’t be the same without you. You will forever live in our hearts as the most beautiful soul ever. We’ll miss your smiles, and your hugs. Loving you always, Daryl, Alia, & Aiden

“ Sending heartfelt condolences to Ryan, Derek and Taylor and their families. Also the Bradley, Duhamer and Gallo families who have lost a bright light from their lives. I know that Donna was a source of energy and lived a life of service to others and compassion for friends and animal friends alike. May you all recall her ability to laugh and to encourage the people in her life. May she rest in eternal peace as we all hold onto the way in which she touched each of our lives. Donna, you will be missed and always remembered. Be at peace! Ramona Leonards
