“ *Kyile, Tony, James,*

*I have so many fond memories of your mom and dad. As you know,
I called her mom and called your father dad, they were my second
parents. I was very close to both of them and I will say that I am a
better man because of our relationship. They taught me many
things about life, morals and character that have help me be a
successful person. They made a lasting impression on me that will
never be forgotten. Dorothy was a warm caring person with a big
heart. It saddens me deeply that she is gone but I know she is
resting and will always be in my heart.*

“ *It seems said when people who were an important part of your life pass away. The one thing that we must all remember is that they took the time to make me feel special and always important to them. What a terrific caring couple were my aunt Dorthy and Uncle John. I will remember them forever. Bob Owens*
