“ I worked for years with Edie at the Vermont Department of Health. She was a skilled nurse who was knowledgeable about her profession, empathetic, and a solid advocate for her patients and clients. A true nurse leader - I learned much from Edie about nursing as the caring profession. I value my experiences with her and think of her often to this day. Sally Kerschner, RN

“ My condolences to the Clark family on the passing of your mother, Edith. I worked with Edie at the VNA in Burlington Vermont in the 1980s. I have nice memories of her, a sweet, kind woman. She made a dish called Spinach Fandango for one of our staff parties. It was so good I asked for the recipe and I still have it! May she rest in peace.
