“ *Evelyn and I became friends while flying at UAL . Wee did many trips to Buenos Aries together and she gave me the grand tour.... We always had a blast flying together! We even went to her brothers birthday party on one layover. We spent much time to get her and did dinner often. We were eating at a Mexican restaurant the day Princess Di was killed! We lived close, carpooled to work and had lots of wonderful evenings, talks and always were there to solve eachothers problems. My heart is broken at her passing! You will always be in my heart and I will miss you. R.i.P my love, prayers to all of her family She will be greatly missed!*

“ *I had the pleasure of working with Evelyn twenty years ago when I was just starting out as a flight attendant for United Airlines. I was anxious about being a newbie, but Evelyn was so kind, welcoming and fun, that she forever earned a special place in my heart. That was Evelyn, making an impact in such a positive way. She will be greatly missed. R.I.P.*

“ *Everyone at United Airlines who ever met her will deeply miss our dear friend Evelyn. She was truly a joy to fly with, and she made every trip a better one. She will always be a shining example of how to treat co-workers, passengers and everyone whom we ever encounter. There is a special place in Heaven reserved for Evelyn, and we are all so much better for having the good fortune to know her!*

“ How do you say goodbye to someone who you grew up with and allowed you to be part of their wonderful family 51 weeks out of each year? 'La Evelyn' , my mother always called you that. Everything I did for the first time, I did it with you. I kept dreaming of you every night for 4 nights, and knew something was not right. If it wasn't for your extraordinary kindness to me, God only knows what would have become of me. I owe everything that I am today to you. You will always be in my heart, my long, long time friend, my sister forever.

I know I will see you again,

“ So very sad to hear of your passing.

We had many enjoyable evenings together years ago. You would nuture me with cooking dinner for me. Us watching a movie together.

Just being comfortable with one another to just do nothing. I know in my heart you are at peace. I will do everything I can to help Jeanette with her grief. Love and a big hug for you and your Mom.
