I owe a lot of my career to Ferrall. When I was in my early 20's working at MSA, Ferrall, talked to be about my future and convinced me to take an entry level job in the data center with a future over a higher paying job at the print shop. Thankfully he took the time to advise me and thankfully I listened to his advice. I will always remember him for his caring and wisdom. Alan Wilson.

“ We had the pleasure of meeting and getting to stay with Ferrall and Barbara last month for during our tour's golf tournament. Without knowing who we were, this wonderful couple invited us to stay at their lovely forest home with open arms. We will always remember Ferrall in the kitchen. Every night of or trip he made us gourmet meals and wouldn't event let us help with the dishes!! One special moment we had was when we watched a video of Barbara and Ferrall's recent trip to Italy. They just looked like they were so in love. What a wonderful example for two girls to see how a loving relationship should look like. Ferrall was true gentleman, devoted husband and father and had an incredibly big heart. We are so lucky to had gotten to know him, even if it was for such a short time. Our prayers and thoughts go out to Barabara and Ferrall's family.
