“ *Frances was a good friend from our grammar school days forward. She was always smiling and positive. We were in the fabulous Fitzgerald High School Class of 1959. We all went our own way over the years, but the special bond we shared in those days has always remained in my heart and mind. During our more recent years of gracious aging, Frances and I were in telephone contact from time to time, and were blessed to be able to share wonderful memories and catch up on special things that were part of those years. I will always treasure these memories and our friendship.*
