“ *I was blessed with knowing Mario when I was 18.He literally saved me so much.I was pregnant with my first child and my family disowned me.He never allowed me to not believe I would become an awesome person or adult.He believed in me when noone did actually noone.He taught me business,liquor inventory control,secretarial work,MATH!He had me do so much Math I wanted to cry.i probably did so many times.In the end I went to workwithlegislation.If it hadn't of been for Mario teaching me how to accept the word no!well I may have not succeeded working at the Capital in Atlanta and Passing a Bill for Abused Women and Children.Im not perfect but none of us are.He believed in me and was a positive force in everything I wanted to do.Im so Thankful and only hope I can give as much back to family,friends and a community as he did.He had a Method to His Madness Not for Everyone but it helped me .*

Sending my prayers to the family.

Here is a picture I love of both of our Dad's. It's how I always envision them.

Amber, your father was a very good man, who I respected more than anyone else involved with Mario... Bit was a true badass, a hard-nose, a formidable opponent, but he was also an extremely intelligent, knowledgeable, classy and sophisticated... He understood subtle nuances most people miss, and he knew a lot about art and music and culture... I miss Bit a LOT. . I think about him all the time... He was a huge man in many ways...

“ *Mario was the man. There are a whole lot of people in Atlanta who owe a whole lot to this man. I wonder how many will admit that. If you didn't know his caring and gentle side than you didn't really know Mario. I wish I had the chance to say goodbye old friend. Sleep well and until then. John Cornetta*

This is so upsetting to me. In the business world, he was known as "Mario." He took advantage of young women, including me, and he was a master brainwasher. I had a great job when I met him, but having been abused as a child and raped as a teenager, I had issues that I didn't know how to deal with. His wife worked for him and was aware of what was going on. He was a sleazy, selfish asshole and I am glad that he is no longer on this earth. He can't take advantage of women any longer.
