“ *Martin and Family: our thoughts, prayers and hearts are with you. We will always have many, many loving memories of Homer Honey and all the great times our families spent together; especially during the Holidays! I imagine the bridge table is ready and drinks are flowing! Many hugs and much love! Judy and Clay*

Martin and family- my thoughts and prayers are with you and your family during this time. Most of my holiday family memories include Homer and Bette Nan and all the fun and laughs we had. Wonderful times! I love you all and I am wishing everyone peace and comfort. Love and Hugs!! Kelley

Martin and family, although miles and time may separate us some of my most fondest of memories were holidays spent with your Mom and Dad. I miss them both greatly. I love you and miss you and hope all is well. Love, Riki Driggars
