“ *Irwin was my friend and I always saw the gentle side of him. From the first time I met him, when he offered to repair my watch, to the many dinners we shared, to the time he told Stephanie that he wanted to bring me his extra car because we were a one car family for a short time, I saw a man who cared deeply about others. He may not have always expressed it, and he could be a curmudgeon at times, but he observed people and situations and showed his concern. This Italian, Catholic girl will always touch the mezuzah on my doorframe as I enter my home and think of the special man who brought it to me. Rest in peace, my friend.*

“ *My Uncle Irwin was my Bat Mitzvah photographer. He took pictures all day - walking with my father, David (Irwin's brother) toward the synagogue, during the Sabbath service, the luncheon and the evening parties for the adults and kids. Uncle Irwin then beautifully displayed the photos in an orange album - my favorite color - with my name engraved on the cover. What a generous gift of love, and a source of happy memories and pride for my entire life. Uncle Irwin Joseph Reps, zichrono livracha - of blessed memory. Rest in peace. With love, Dr. Tamara (Tami) Reps Freeman*
