Jacqueline (Jackie) Meadow Graff

Jackie Graff of Roswell, Georgia passed away Monday, December, 7 at her home surrounded by her family. Born in Athens, Georgia and raised in Aiken, South Carolina, Jackie attended nursing school and spent more than 40 years at Northside Hospital in Atlanta. Jackie parlayed her career experience, culinary mastery and passion for wellness into pursuing a second career as co-founder of the Graff Academy of Raw Food Education with her husband Gideon. Together they became accomplished educators and it became her mission to teach, inspire and guide her students to success in the practice of wellness through nutrition and healthy living. Jackie and Gideon traveled the US and Canada extensively, teaching classes and small group instruction which grew into a community of friends and constituents that admired Jackie.

Jackie's charm, wisdom, creativity and quick-witted humor were infectious among those who met her and she was truly one to never meet a stranger. Known as "Nana" to her grandchildren, her caring and nurturing ways brought her much love and affection among her family, friends and former students around the world. Her grandchildren were a priority in her life and she never missed an opportunity to spend time with them including two in Roswell, four in Israel and one in England.

Jackie is survived by her husband of 30 years Gideon Graff, brothers David Meadow of Columbia, South Carolina and Robert Meadow of New York City; two daughters - Shelly Puckett Williams and her husband Bill of Roswell, Ashley Puckett Akley and her husband Saleh of Kennesaw; two step daughters - Adi McKoy and her husband John of Israel and Elian Ben Graff and her husband Offir of Israel, stepson Roy Graff of England and 7 grandchildren. “ I met Jackie as my Health and Rawfood Educator along with Gideon at their school in Atlanta. I immediately fell in love with her charm, generosity and kindness. I knew she was a very special person, a gift to us her students and to all the people whose life she touched.

We spent 3 weeks together and I feel truly blessed to have been able to spend this time learning from her and Gideon and getting inspired from her creative rawfood recipes.

Jackie left no stone unturned as she shared with us her creations of raw vegan recipes for every celebratory occasion. You could feel her heart and soul poured into every minute of our class time. I really wanted to take this time to honor Jackie thanks so much for your love and teachings amazing woman...you were a lot of fun...I will miss you 💕💕

“ We had a great time with Jackie and Gideon at the raw food classes they taught us at Hallelujah Acres in N. Carolina. Jackie was so sweet and cheerful. I was amazed at what hard workers Gideon and her are! Making raw food is not a job for the lazy...and they made so many amazing dishes for us to enjoy and learn from.

Our prayers go out to Gideon and Jackie's entire family... May God comfort them and give them His peace in this difficult time. Certainly Jackie was a most special and wonderful woman.

“ I will always remember Jackie for her scrumptuous raw, vegan cuisine and her knowledge of health both from a medical viewpoint and holistically. I took Gideon and Jackie's Raw Food class and loved learning from both of them. She always had a smile and a willingness to help others. I offer my condolences to the Graff family, especially to Gideon.

“ Jackie and I were roommates in college and in Atlanta. She was so full of life and joy. Her smile made you want to join in whatever she was doing. Always ready to try something new, to meet someone new, or to go somewhere that she had not been. Our world will be dimmer without her. An amazing cook, she would find a recipe for a dish she had never eaten, invite 8 people to dinner, and it would be wonderful because she added her own touches. A recipe, to her, was just a starting point! My condolences to her family.

“ I am sad to note the passing of one of my dear teachers and mentors in my life. Jackie Graff was the embodiment of a proper southern lady, oozing with charm and grace. She was very intelligent, highly sensitive and was deeply kind. She had a beautiful sense of style, a great sense of humor and a deep spirituality that I admired. She set the bar for how to create great, raw meals and how to wow and entertain your family and guests with delicious, nutritious, healing foods. Her legacy will live on in me, as one of her graduates. I am honored to have known her and will keep her memory alive as I do my own work in health and wellness. My condolences to Gideon and all of your families. My heart goes to all of you. May all of your memories of family times and celebrations give comfort during this difficult time. My prayers are with you!
