

## James Matthew Dunkin

December 29, 1997 - May 7, 2022

James Matthew Dunkin died unexpectedly May 7, forever leaving a hole in the hearts of those who loved him and an empty space in the world where he had the potential to do so much good and to accomplish so much.

Matthew was a loving son, brother, uncle, brother-in-law and friend.

An animal lover, Matthew was a strict vegetarian since age 8. He was a computer whiz, mechanic and fix-it man. If he didn't know how to do something he figured it out and then used his skills to help anyone who needed them. He took care of those he loved and even those he didn't know.

He is survived by his parents Mary Anne Dunkin of Roswell and Allen Dunkin of Toronto Canada; sisters Becca Dunkin of Roswell and Libby Dutcher of Woodstock; brother-in-law Josh Dutcher; and niece and nephew Kylie Munson and Ford Dutcher, as well as extended family and friends.

Matthew was a kind and gentle soul and will be greatly missed until we meet again.

Rest in peace, precious Matthew.

“ I just needed to write this out somewhere, but Matthew was such a great guy. I knew him through Xbox Live back when we were younger because he was friends with my old childhood friend Saxon. I randomly thought of Matthew today after it had been a couple of months, just to realize today is his birthday, which I didn't even know. God sends some interesting messages sometimes. Hope you're at peace Matthew.
