“ I'm sadden by the passing of my good friend Jim.
We've known each other for over 40 years, having first met when we were both promoted to the New York office of Glenbrook Labs. Jim was a special person and a special friend. We haven't seen each other for about 20 years but our friendship has endured. I loved his energy, his sense of humor, his laugh, and so much more. He was a very special human being. I'm a better person for having known him.
Rest in peace my friend.

Although we never got to know Jim well, we always enjoyed great conversations while sharing in holiday celebrations. May you all find peace in the days ahead as you deal with your loss.###imported-begin###Don and Pat Tubiak###imported-end##
