“ *I would like to offer to the family of Jennie my most heart felt sympathy.
I have many wonderful memories of Jennie. She was always so much fun when we spent the night together. She was a great friend that was always on my side.
We lost touch over the years as our lives took a different path. I know all of Jennie's friends and family are saddened today and will have a huge void in their lives.
My thoughts and prayers are with all that had the good fortune to know Jennie.
RIP Jennie God has another beautiful Angel.
In love and sympathy,
Barbara Phillips Martin*

“ My memories of growing up in Alpharetta are woven with the many days that Jenny Martin and I spent together. From Alpharetta Elementary with Viola Martin as our Principal through Milton High School until we graduated in 1965, Jenny and I spent hours and hours together. I remember Halloween when we dressed in costumes and visited the houses on Canton Street, where we lived, and Main Street, where Jenny lived. We played basketball through high school: Jenny was our star! We went to Girls State at the University of Georgia and got our first taste of college. Jenny went on to Women’s College of Georgia, and I went to GA State. We spent hours in classes where we sometimes just had to “cut loose”! When I graduated , I said I would never come back to Alpharetta, but I did after my son was born: I wanted him to have the same upbringing I had gotten in Alpharetta. Jenny and I reconnected while we both cared for our Mothers in their final years, but we lost touch again as our lives continued on. I am so very sorry to now know that we and all of Jenny’s family and friends will no longer have the opportunity to add new memories. Farewell my childhood friend,
Nancy Wood Wright

“ *Jennie you were always very nice to me. I remember you from elementary school. You always had a long pony tail. That was important back then. You were smart. I know your family will miss you.*
