“ *Sometime in the 80's I was in Atlanta on business and got to spend a couple of days with Joanne and Don and their family. It was in a hot August time and I had a beard at the time. I woke up one morning and just decided to shave my beard off. At the breakfast table no one noticed for 20 minutes. The first to say something was Donna. Joanne said she felt something was different but could not put her finger on it. Happy Times!*

“ *I have so many fond memories of visiting and having adventures with Joanne, Don and the girls. Joanne's laughter would light up a room and make everyone around her happy. She had a special gift. My favorite moment was when Jim and I (along with our dog) stayed with them for a few days. Joanne did not want the dog in her house at first. In less than an hour, I found Joanne and our black, furry dog curled up on the nice white couch taking a nap. She had a heart of gold and will be deeply missed. All our love.*

PS

“ *Joanne I have missed you so much and will continue to miss my best friend. Today you will be remembered at Holy Mass and I will light a candle for you.*

Many of my best memories involve sitting around the breakfast table with Joanne and Don, Dona and Leigh when I would return to the U.S. from an overseas post while in the Foreign Service. we would spend several hours sipping great coffee and remembering when we worked together at USDA. We had such fun remembering, catching up and laughing a lot. Staying at the Blackwell home was better than any five -star hotel in the world.

I love you so very much. You and your beautiful family filled my life with lots of love and joy. Now you and Don are together again with our Lord. There is a heavenly celebration going on up there celebrating your lives. Thank you so much for letting me share in your lives for so many years!

I love you all so much. Pat Salazar.
