“ Joe,

I was very saddened to hear of your passing. I was trying to reconnect with you after many years. We graduated Pocantico Hills together in 1976. You were my best friend and your family took me in as I had no father. I remember the good times in Cub Scouts when your mom was our pack leader. I also have fond memories watching "Lost in Space" at your house with your brothers.

See you on the other side.

Your Best Friend,

Colonel Myles Murphy, USAF##imported-begin##Colonel Myles Murphy##imported-end##

“ *I've worked with Joe for over 8 years and he always had a positive attitude. "so what!" was one expression he used often. He seem to not allow things or people to rent space in his head. He was truly a free spirit. He was always willing to help; not without first cracking a joke of course! My condolences to his family and friends. Joe will truly be missed!##imported-begin##Marcia Davis##imported-end##*

“ I was deeply saddened by the news of Joe's passing. I worked with Joe for a number of years and always found him to be very professional. He was a very unique person as well. There are not many men who would feel comfortable wearing a kilt to work and it always a nice change of pace and added a unique feeling to the workplace that day.

My prayers are with his family and friends during this difficult time.

God Bless,

“ I am one of his coworkers, and practically was here from the start with him. He will be missed by coworkers, business partners and more...We will not be able to hear him talk about his Southern Accent...."South Bronx" statement. All customers who called in from the Northwest always knew his significant voice.##imported-begin##Kysii Ingram##imported-end##

“ I am Joe's accounting teacher. Joe was a model of a perfect student. Always knew all of the answers, was always on time, always prepared, helped other students, made me laugh and make me feel good about teaching. He was a driven individual. I am very saddened from his loss. It is hard for me to teach the class without him on the front row making the comments he always does. He was going to attend my higher level accounting class next semester. He will be missed there as well. I am privileged for having known him. I will always remember him.##imported-begin##Mitra Bathai##imported-end##

“ It seems like yesterday we played football in Elmsford on that small patch of grass, and then tried to one-up each other in Physics class.

I've known you since we were three feet tall, and always your gregarious nature brought a smile to all.

And even though from us you have passed, you now have made heaven even brighter at last.

I'll miss you bud.
