“ Sad to hear you died. I found out 2 yrs after you died.. you were gifted in so many ways it's sucks that you never knew how great you were. Sad your gone. Sorry to his mom and sister and nephews and niece. You've missed out on some much stuff.. I will always have a place for you in my heart. We have trees and bushes in our yard that you and I got from a few clippings from some yard. They are thriving, big and beautiful. I have a piece of you in this yard.

“ Libbus,
I am so sorry for your loss. I know you and Whitney will have a hard road ahead. We wish we could claim all the answers but just try to recognize more that you just need to put yourself in a place of submission. Walk with the Lord and keep your eyes on Eternity. It will make all the difference in the world and ease your suffering. Angels will be close to you while you are grieving & I am only a phone call away. Whitney is welcome to come see Kirsten as often as she would like! I love ya'!!
