“ Nita, seeing your smile here is something I have known most of my life. Your infectious laugh will resound with me forever. In your senior years you accepted challenges boldly with grace inspiring others. I remember you in your nursing uniform and white hose driving your convertible ford falcon. Best friends with my mother Helen, you were quite the pair and all the young people around you loved you. Leigh and I were close in college and spent hours spinning on the dance floor! Precious memories to cherish. Though your voice is silenced and we won't see you any longer on earth, knowing where you are now gives us comfort. Reunited with Milt and your mother whom you sweetly referred to as "mama" and my own mother. I am certain your are stirring up some mischief up there.
