“ *June was my realtor a few years ago when I lived in Georgia and she was the sweetest person I knew in Georgia. She told me to hurry and move back because she missed me. I called both her phones and didn't get an answer and my heart dropped. I would taje her around in my car and we would just have fun and stop to eat. She was a beautiful person in and out. I was calling her to tell her I was selling ny house and move back to Georgia. I am going to miss her so much. She would tell new and my granddaughter about stories when she would sneak downtown to meet her boyfriend, Elvis Presley.*

“ *What a "Cool" cousin. June was always young for her age! Five years ago she came to my high school monthly gathering in East Atlanta and brought pictures of her time with Elvis . I had heard snippets over the years but never the full story until then. This was quite impressive. It is hard to believe that just 3 weeks ago when I visited June, we talked, laughed and played music. There was not a song June didn't know. She asked me to sit on the bed next to her before we left and told me she loved me. I loved June and wish we had had more time. I know where she is today. She told me that if I didn't see her again on this earth – she will see me again!*

“ I remember going over to June's house when I was just a kid and she showed me her room. It had all these Varsity carhop number cards all over the walls. I thought it was very impressive. She will be missed. Doug (Teddy) Stephens

*“ When June, my sisters, Margaret, and Vicki were teenagers, they were going to a Halloween party and they were all dressed like cats. I was so in awe of June and her flamboyant style. What a memory for a kid. I can still see their makeup and costumes!,
