

Mr. Justin Anthony Giolitti

December 14, 1941 - February 25, 2017

Our beloved Justin Anthony Giolitti, Father, Husband & Grandfather of five and friend to all who knew him was called home by God on February 26, 2017 with family by his side. Justin was a blessing to all of us who knew and loved him and brought laughter everywhere he went . He loved to make an impact on those around him by an off color joke or a smile that no one will ever forget.

Justin was born on December 14th, 1941 in Detroit MI, eldest son of Rose and Albert Giolitti.

Justin graduated Magna Cum Laude from Notre Dame Catholic High School in 1960 and served as president of his class. He then went on to graduate from General Motors Institute in Flint, Michigan where he was also a member the Beta Alpha Epsilon fraternity.

Justin then began a long, successful career of 24 years at IBM. He was loved by all who worked with and for him.

Justin is survived by JoAnn (Munson) his wife of 52 years, Son, Steven (Michelle) daughter Christina Housley, son David (Becky) brother John, and sister Maryanne & James Johnson and Grandchildren -Sierra, Skyler, Gracie, Gavin and Mia. Justin's obligation here on Earth has been fulfilled and death doesn't make a difference to life because we know he is still here with us although his physical presence is gone. May you have eternal peace until we are reunited.

“ *JoAnn,*

We all know that the world will be a much less interesting and fun place to be without Gio. He was uniquely gifted with humor, smarts and love for others and one of the most engaging people I have ever met. How could you not love this guy! And I did. We will all miss his broad smile, big laugh and sweet smell of a freshly lit cigar. :-)

“ *Justin/Dusty G ...you brought great joy to our Saturday morning breakfast group with your prickly humor. We discussed religion, politics, sports and a variety of other social issues. Thomas (our Sat waiter), was always on guard with your tongue in cheek criticism of cold water, slow service and high prices. The grumpy old men, who love you, will miss you and your unique perspective on life. Know that a piece of my heart goes with you as you rest in peace with the Lord, knowing we will join you at some point. I would expect your response to be "what the hell took you so long". Till we meet again*

“ Justin "dusty" is the sweetest person I have had the privilege of meeting since driving the school bus for Fulton county. He always brought a smile to the group with his off color jokes, antics and overall silly personality. He provided many happy afternoons with the bus drivers and has been missed since he retired. He loves his family very much and it was evident throughout his conversations in the afternoons as we cut up and enjoyed the off colored comments and conversations.

*I am surprised we were not fired!
Love you Dusty! You are the best!

“ *Once you met Justin, you never forgot him. This was true for me even though I never saw or talked to him since moving out of the greater Detroit area around 1974. We both started our IBM careers in Dearborn, Michigan, and we were assigned to the Ford Motor Company account. Justin was the team leader of fourteen of us and our assignment was to write conversion programs; Phil Camillo (perfect fit) was the Ford Manager whose responsibility was to make sure that all of use were there by 8:30AM; otherwise John Lloyd, the Dearborn IBM Branch Manager, got a telephone call. Justin was the next one to hear about any absentees. RED BOOK became the project call name. Both of us moved to the Southfield IBM branch where Justin's claim to fame changed from RED BOOK to "BREAK-UP the SOUTHFIELD TERRITORY."*

More importantly Justin managed to find a job for my wife Maria shortly after Maria and I returned from our honeymoon; her job was an administrative position with Roger Kerber Stamp Auction. I am forever grateful to Justin for that and will miss hearing about and from him more than I can imagine. He will be my mind and will always bring a smile to my face as I recall one of his pronouncements, of his jokes, or one of his escapades.

I had the privilege of attending grade school with Justin. His family lived around the block and were such a nice group. I also went to Senior prom with Justin both at Notre Dame and Regina where I attended. We were just good friends but it was always a fun filled time to be around him. We even got married two weeks apart. Lost touch as the years went on and just found out last night at our grade school 61st reunion he had died. So sorry for his wife and family they surely lost a good guy. Cathy Spensley James an old friend.
