I met Kristin about 18 years ago. I was w my daughter and her husband and we were headed to the soccer field at crabapple elementary school. Kristin and Chris came up along side of us. Kristin was pushing a stroller w Alex and Chris had the other two boys. We were introduced and immediately bonded. Then we proceeded to the field to see our future soccer players make a mark in the sport's book of fame. Oh did I tell you they were three or four at the time. Over the years I would run into Kristin. She greeted u w a smile never had a negative word about anything that dealt w life. Through all of medical struggles the smile never stopped and her words were always encouraging.

My regret. She always told me to come for coffee on the porch. I never did and I wish I had found the time. I know if I had gone I would have gone every week just to see her smile and receive her encouraging words for the day. She never stopped inviting me. Never. I cannot pass the house without hearing her invitation.

She so loved the lord and now I know she is at peace and will be bringing her love and flashing her smile to all those around her. That smile was infectious. She never ever forgot you. Ever.

My love and prayers for Chris's and your sons. Her smile and words will stay w me forever. ❤️🙏❤️🙏❤️🙏

“ *Kristin and I were roommates in San Diego. We met while working for the La Jolla Marriott. Kristin was the front desk manager and I was the gift shop manager. We had an instant friendship. Fast forward 20 years, after losing track of each other I stumble across her face book page. She was the exact same Kristin I remember from 20 years ago.*

She was such a beautiful soul. It is so evident how incredible loved she was and how she loved so incredibly. It has meant so much to me to have reconnected with her. I am absolutely heartbroken to have just learned of her passing. I know she was such a warrior. I shared a very special bracelet with her to remind her that I love her and she is strong.

My heart and love are with Kristin's family, her loving husband and beautiful boys. May you find the love and peace you need. May your hearts stay as full and beautiful as your mom's heart was. She was blessing to me and although I have not seen her in many, many years, I will always hold her close to my heart.

“ I met Kristin over ten years ago and had the privilege of coaching one of here sons. By the way he carried himself and the way he interacted with the coaches it spoke volumes of the way he had been raised by his parents. Kristen was always willing to help out with our team in any way that she possible could. We had some great conversations about school, sports and kids. She will be missed dearly by myself, my wife and the community.

“ Kristin came into my life as God intended. I met her when my son, Charles, and her B, aka Sweetie, started playing baseball when they were 12. It was a year after her first diagnosed at the onset of my own diagnosis with breast cancer. The baseball team rallied, always wearing pink ribbons, provided by Kristin, to inspire not only the team, but me as well. She was such a great sounding board for me in helping through what lay ahead; her incredibly brave son extending a lending hand to mine to help my son through a scary time. A few years past and as we went our separate baseball ways, she was still always open to meet me for a cup of coffee and talk about our futures and the obstacles we both faced. She always demonstrated kind and grace and knowledge, through her own experience when needed. My heart weighs heavy as I come to terms with what the world has lost in her passing and I find comfort in knowing she made an impact on me and my son as well as others, was surrounded by so many people she loved, fought hard, loved deeply and know that her hard work was paid forward. I know through God's grace she now can find peace knowing her legacy, endurance and strength will live forever in her sons and all those she touched along her life's journey. God speed!

“Gone too soon. Kristin will be missed so much. Such an involved mom. She loved her boys so much and being there for all their sports events. I enjoyed my time with her when we were on the Milton Baseball Diamond Dinner committee. Always enjoyed our chats. Chandler and I last saw Kristin at Scottsdale farms when she was working there I think around the holidays. Chris and boys, the entire community is here for you and praying you find strength, comfort and feel the love all around you. Rest In Peace Kristin. Lord knows you fought the good fight. You will truly be missed by so many. Love the Woolridge Family

“ When I first came to Milton to coach I met the wonderful person that is Mrs. Kristin. She was the type of person that you just wanted to be around. Her sense of humor and personality could light up a room in the short time I got to know her. Even when I left Milton to coach at another school she still checked in on me and always supported me. Won't be a day that goes by that I won't be grateful for meeting you Kristin

“ We're so heartbroken that Kristin has left us too soon. Our beautiful sister-in-law/aunt - we had such a special relationship. But that was the thing about Kristin. She made you feel special. She had such a grand capacity for love. We'll love her forever and we will each carry a piece of her with us always.

“ Didn’t matter if we were communicating regularly or going months between conversations, could anytime out-of-the-blue vent, ask for advice, or simply say “Hey! Was just thinking about you.” All-weather mother figure and friend for us, but always that and more for the people in her life. So many times we’ve wanted find a way to show her and Chris how grateful we are for their kindness, friendship, and support over the years, but she’d come back with “No need!!! Family runs deep with Chris and me, and no reciprocating is necessary.” We will do our best to carry that philosophy forward.

We’re so heartbroken for her McNeillie men and the Klvac family. Aunt Kristin will be deeply missed. Sending our love and condolences.

Rick and Tate Hamilton sends our kindest thoughts and prayers to the McNeillie family for your loss of this terrific mom and wife. Kristin was a kind and loving person who shared her kindness and caring throughout the Milton and Alpharetta community. She shared her kindness and joyful support for my special needs son Tate. Her efforts with the athletic association at Milton to get Tate’s Way street sign for his favorite thing in life being baseball was heart warming. Kristin will be missed by so many friends. She will be sorely missed. God Bless her family!
