“ Lacey was one of the greatest people I’ve had the privilege of meeting. We went from coworkers to friends in a matter of minutes. She never had a bad word to say about anyone and always took care of others in a time of need. She made you feel important. I’ll miss getting hugs each time I walked into work, and closing with one of my favorite people. You always made sure I was okay, even if you weren’t. You’ll always be in my heart, and we’re gonna get that lunch you promised me one day. Until then, love you and miss you always.

“ From the day Lacey walked into publix store 49, I knew she was something special. We became close friends quickly. She was there to hear about all my college stuff and genuinely so excited when I told her about future plans. She was there for me every day, always telling me how beautiful I was, how much she loved my perfume, or how good my makeup looked. She cherished her kids and every time she had new pictures she was so eager to show me and share stories of their time together. She was always the happiest and positive person. She lit up every room she walked into and touched the lives of everyone in such a short time. Lacey girl, I’ll miss you so much but I know youre dancing with the angels and now at peace. You’ll forever be in my heart and on my mind.

“ Lacey was an amazing person. She was a great personality to have in the workplace. She would always have a smile on her face even if it seemed like she was having a bad day. I had a few bad days at work and when I saw her and started talking to her, she cheered me right up! I also remember her coming into work on her day off with her kids and she was just so happy to be with them and so happy introducing them to me. Lacey, you're Publix family will miss you so much. It's not good to forever, it's goodbye for now. Y'all are in my prayers through this rough time.

“ From the first day I met Lacey when she inquired about transferring to our Publix (Lanier commons), I knew she was a sweet and genuine person. She always lifted others up even on days she seemed sad. She would light up when talking about taking her kids out to the lake or just spending time with them. I'm deeply saddened that she is not with us anymore, but I know the memory I have of her will last forever. Rest In Peace Lacey 💜

“ Lacey was so sweet to my wife and I. I worked with her for about a year and she always had a smile. The first time we really talked longer than 30 seconds, she was having a hard day and I prayed with her. She definitely had a heart for God and her Family. See you in heaven Lacey

“ I struggled to bring myself to this page but I'm here, reading these memories other people have and it made me smile. Lacey was silly, fun and giving - I don't have many memories as a child that don't involve us, her being goofy, us laughing together over nothing. She would have done anything to make people smile. She was her best when with other people. She will always have a piece of me.

“ When I first started to work Lacey was the first person to say a word to me. She welcomed me with her open arms. She told me that I remind her of her younger self. Lacey I miss you oh so much and life doesn't feel the same without you. My beautiful angel with ur smile so bright I hope you now lay in peace. You will always be family to me.

“ I'll always remember you. Your personality touched so many. You always had a kind word and ready to help someone up. I don't think you ever met a stranger. The world is a little darker without your light.
