“ *Sharon and I just received the news of Clydes' passing today after an email from Lamar May. Clyde was an extraordinary person having the mix of wonderfully delightful Sharon and I just received the news of Clydes' passing through Lamar May's informal newsletters. Clyde was an extraordinary person having the mix of wonderfully delightful characteristics - not often found in engineers...A people person... and an excellent technical engineer....an easy going personality...a car nut (Ed can identify with that) ... never critical of differing opinions ... and always, a good friend. We pray for comfort and healing for you, Betty, and we are here if you ever need anything. God bless and keep you.
Ed & Sharon Kelley*

Sharon Kelley - August 22, 2017 at 07:52 PM

“ *Clyde was a dedicated Lockheed engineer and a key landing gear expert. He was a remarkable man with great personality.*
