“ *I was lucky enough to get to know Lillian be being her driver for a couple of years. She was such a kind lady. I know how much she cared for her family and was always so thankful to be able to live with her daughter and grandchildren and watch them growing up. She would speak highly of their accomplishments every time I had her in the car. I was able to meet some of the family as well and you were all very nice and respectful to me. I'm thankful to have met Lillian and I hope I was able to ease some of everyone's burden by being able to help her stay mobile. I'm so sorry for everyone's loss of such a wonderful woman. Please accept my heartfelt condolences.*

“ *My sincere sympathy to the family of dear Lillian! I was sad to hear about her illness and passing! I knew Lillian through many years together in Bible Study Fellowship and while she will be missed here, I know that she is rejoicing with her Lord and others she loved that went on the glory before. May God comfort and give you in this great loss*
