

## Miss. Lisa K. Thornton

August 1, 1976 - March 13, 2017

Lisa Kathryn Thornton, age 40, passed away Monday, March 13, 2017 after an extended illness. In her roles as a Nurse Practitioner, student, daughter, aunt, friend, Church member and patient, she brought sunshine into every situation and each person she encountered. Lisa was a Prayer Warrior and showed the love of Jesus every step along the way, and is now experiencing His love for her fully. She was dearly loved and will be greatly missed by all who knew her.

In lieu of flowers, donations can be made to the Pulmonary Hypertension Association at 801 Roeder Rd. Suite 1000, Silver Springs, MD. 20910 or online at [www.PHAssociation.org](http://www.PHAssociation.org). Because PH is a very rare disease, Lisa worked for more funding and wanted this in the event of her death.

Also in lieu of flowers, you may make donations to her church, Midway Community Church 3365 Francis Road, Alpharetta, GA 30004  
[www.midwaycc.org](http://www.midwaycc.org)

“ *Lisa was always so loving and so encouraging. She was the very best babysitter, and also encouraged me when I was younger and sick not to be scared of the hospitals or doctors, and would tell me games to play so I wouldn't be scared during procedures. She loved everyone she knew so so well. So grateful to have known her*

“ *Lisa was such a lovely lady with a radiant smile that touched every life and every heart. She lived life even though life was difficult for her at best! Lisa always had such a caring spirit for others. Her worry and concern for all people was evident by her caring and kind ways. She took her own illness in stride and knew that God was always with her and would get her through the many obstacles of Pulmonary Hypertention. You were loved Lisa and will forever remain in my heart not only as a brave warrior but as a sweet, wonderful friend whose life was taken way to too soon. You have fought the good fight, now Rest In Peace and breathe easy. God has gained a beautiful angel. I will miss you always and forever dear Lisa.*

LP

“ Lisa was my most ardent supporter, the one friend who I knew would constantly check in on me and my health while fighting for her own life. We shared a fight in each of our lives that caused us to bond the day we met at work. We'd both separately searched to uncover what others hadn't been able to find for us. We needed to know the reason our lives had become more of a challenge to live...our own diagnosis. As God put us together that first time, we'd both just recently found our answers. Plus sharing the same name sealed the deal. We became friends, prayer partners and texting buddies and I felt as if I'd made a major accomplishment when she finally confided some of her own thoughts and fears to me. She texted me endless lists of questions barely giving me time to answer before she asked another. It made me laugh at her insatiable desire to "fix me". Lisa gave more than it seems possible for any one person. She loved life, her friends, her family and the Lord more than anyone I've ever met. She didn't complain of what she was going through but gave and gave to everyone else. I deeply value our special bond, the values she taught me, the way she trusted the Lord for everything and a friendship I will treasure until I see her once again. I miss you my friend.

“ Lisa was a beautiful soul. While battling this debilitating disease, she never let it dampen her spirit nor keep her from wanting to help others. She was an angel on earth as she is now in heaven. I love you Lisa, I'll never forget our friendship.
