“ *Dear Dani and Steve, Stevie and Nancy, Lauren and Lindsey,*

*I send all my love and deepest condolences to you. The past few days I have been flooded with wonderful memories about Aunt Lola. I feel so blessed to have been part of her family. She lived life as it should be lived, she had the most positive outlook of anyone I have ever known, and that is what kept her so young, for so long. We are all better for having her in our lives. Stevie and Dani, my heart goes out to you. Aunt Lola's life epitomized that of a life well lived.*

*My deepest love,*
