“ Hi U & Chandi absolutly rcekod on BGT! Well done !! I am a lighting & robotics engineer in India working on sound & light shows based on animals. You have sort of inspired me to do a doggy show based on the 12 notes in an octave with 12 robotic dogs(13 actually with the next C) of varying heights who move their mouths and bark in tune. I will program them to bark out tunes , starting with Doe-a-deer' (what better to start with) from S of M.TC & a big God Bless###imported-begin##Colin###imported-end##

“ Our heartfelt prayers and wishes go out to all of you in this time of sorrow.

Margaret was such a loving and giving person with a wonderful sense of humor and the ability to make everyone feel special.

I have so many fond memories of Margaret on the Dolive Grove in Orlando. She was a person with great wisdom and such a love of life.

She will be greatly missed. We share your sorrow and know that she lived a wonderful life and was an inspiration to many.
