“ *Margaret was a wonderful woman. I would describe her as FAITHFUL to her Lord, her church and her Daughters of the King chapter; a LOVING wife, mother, grandmother, great-grandmother, and friend; and FEISTY, not always sweet and sunny! She was always ready to try something new, always standing beside and supporting Jim, no matter where or what he wanted to do. Her house was always immaculate, Jim was always taken care of, and she was always well-put together with hair freshly coiffed and clothing perfectly matched.*

Being 23 years older than I, she could have been my mother, but we became fast friends, and spent many good times having lunch together, laughing and talking on the phone. I'm going to miss that little sprite!

“ I wish I could tell just one story about Margaret but there are just too many. She made me laugh! She loved Jim! She was always ready for an adventure. She was always dressed beautifully. She loved every moment spent with her family!!

She loved her church and attended regularly her whole life. She happily and eagerly followed Jim wherever he had to move for work! She was a great conversationalist! She loved to travel, loved nature and being outdoors. She had many friends, all of whom are missing her right now. If she's looking down from Heaven, she knows we are smiling up and holding onto all we shared. Margaret was a gift from God, to so many of us who will miss her greatly! Thank you Margaret, we love you.

Margaret was my laughing partner. She would come into my office at the church, sit down by my desk and we would laugh our entire visit. We shared stories of our children, church activities and life's ups and downs. She will be missed by many but I know she is in heaven sharing her smile and laughter with all.
