“Lois and family..... You Mom and Dad were the top of the line and it was a joy to have them at the top of the circle. It hard to believe that I have know them since 1979, OMG the memories we have made.....: the cookout we have had, the sledding parties we had. The time you moved up to Fairview for good hauling your stuff in trailer as Joe and I pushed you over the icy road to your drive way along with living in the storm of the century with power...thanks to your folks who had power we still able to get water so we could flush. Just last week I got a letter from your Mom which I will always treasure. We will continue to hold you and your family, Lois, in the light with our though and payers.

Thanks for the memories.....
