“ When I first met Matthew LeMoyné in 4th grade, he was one of the most humble people I had ever met and one of the only friends I had at that time. He always included me in everything and he saw things in me that other people just didn't happen to see. When I found out about his death, I was just purely shocked. I had just talked to him the prior Friday on the bus and we were laughing and having a good time. I reach out to his parents, Camryn, and Nate and pray for their family as they go through this hard time. He left behind so many friends and I feel very bad, because what if I could have done something to save him. He makes the world a bit brighter everyday and even though he passed and isn't in school anymore, he is here with us. In our class, in our school, and in our hearts. I could never meet a person like your son ever again Matthew's parents, and you guys are so lucky to have had him as the brilliant and amazing child and friend that he was to everyone. I miss our great times in Mrs. Perkins class and I hope to see him again one day. Rest In Peace Magic Matt. You'll be dearly missed.

“ My name is alejandra I could not make it today i am currently getting ready to go to vertical reality or already on my way but I wanted to share my experencs and good times with Matthew was such a good kid he was such a good friend and always a happy smiling child everyday. I had third-period with him and also half of the year I had seventh period With him there wasn't a day that Matthew wouldn't smile he was such a smart kid I used to tell Matthew you're going to be such a successful person and do something so big that will impact life . I always told him your are so smart and gonna do something so big one day . He made us laugh everyday during home room and Ela and make everyone around him laugh and smile with his famous name MAGIC MATT. I don't understand why would god take away such a good happy amazing person away from this world . I had a locker right below him and I always used to talk to him and say GOod luck on that test and he responded you too with a smiling face. Sometimes he used to help me when I was lost in class and make it so understandable. He was such a nice and friendly person to be around. But we all know he is in good hands now and in a better place. I only got to see him one time this year and I said hi and how is social studies and Ela he was like good and that was the last conversation I had with him . I will miss you and your funny jokes in Perkins class. With love -alejandra murillo

“ *It was my first year at Hopewell Middle School two years ago when I became Matthew's 7th grade math teacher. I was quite nervous having my principal's nephew in my class at a new school in a new county, but Matthew made it easy for me. He was such a wonderful student and child. He came to class with a smile on his face every day and had a fantastic attitude. He was kind to others and very intelligent. Last year, when I didn't have Matthew in my class anymore because I was teaching 7th grade and he was in the 8th grade, he would pass by my way down the hallway from time to time. He always said "Hi" to me and he would always give me that awesome smile. Students like Matthew make me believe our world will be a better place in the future. I was blessed to be his teacher. Sending hugs and prayers for the LeMoyne family.*

“ *This is so surreal. I just gave you and kam a ride to school the other day. You were our star first baseman for four years. Your family welcomed ours in with open arms on the baseball team. I always look back on our pool days and catching fireflies and Cooperstown and Panama City. I wouldn't have wanted to spend these years of my life any other way. You came into my life suddenly and left even faster. The important part is what is in between these sudden events. The person that truly left a mark on this this world. The soft spoken, kind hearted boy with a big smile on his face. The kind of boy who would lead by example. The kind of boy who would give everything his all. The kind of brother who protects his siblings from anything and everything even though you may fight from time to time. It's not the words you say, but the actions that you portray that will forever be lodged in my memory. You will forever be in my prayers.*

“ *Matthew was a fantastic kid who I had the pleasure of teaching I believe twice over two years. We had a fun inside joke about him being the principal as I would often call him Mr. LeMoyne. He was a quiet kid who loved being active and he was always polite. I don't think I ever saw him upset. I am deeply saddened by his passing and please understand that your entire family is in my thoughts and prayers. Matthew was an amazing person to know.*

“ Matthew was an excellent 8th grade language arts student in my class last school year. He was also in my homeroom, so I was blessed to spend extra time with him each school day. Matthew always had a smile on his face, and he was one of few students who always spoke to me. I knew he enjoyed all kinds of sports and enjoyed being active and outdoors. I loved Matthew. I will miss him. May God Bless him and wrap his family and friends in His loving arms throughout this difficult time. Barbara Perkins, Hopewell Middle School
