*Our sincere sympathy for the Dr. Omer Eubanks family. We first met Dr. Eubanks in Jan. 1965 when I went to work for he and Dr. Langford as a RN. I worked for them 17yrs. He was our primary care physician until his retirement. We appreciate the fact he treated us and our family like his own. Making home visits to see my MOM at home when she was not able to travel. Love and hugs to NAN and all the family!*

“ *If only we could have a family doctor today who would take the time to hear not only about our illness but to listen to whatever personal problems we might be having. It never seemed like a visit to the doctor, but more like a visit with an old friend. After all I was a patient of his going on to fifty years. Rest in peace Dr. Eubanks.*

“ My deepest sympathies to the Eubanks' family. I was saddened to see Dr. Eubanks' obituary in Sunday's paper. He was my parents long time doctor, and continued to care for my mom when she was in assisted living. Heaven now has a good, caring man. I can't say enough about the care and concern he gave to my parents, and the advice he gave to me in matters relating to them both. My friends were amazed that he (and some of his staff) showed up at each of my parents' funerals....what doctor does that!! My mom was the last one to die and she did just a few days before Doc's retirement. I consider that such a blessing because we would never have been able to fill those shoes. You should be so proud of the legacy that he has left behind. May God continue to bless him and ease the pain you all must be feeling.

Sincerely,
