June 8, 1946 - October 3, 2014

Mrs. Patricia "Petey" Lankford Morrison, age 68, passed away suddenly and unexpectedly on the morning of October 3, 2014. She was loved by all that knew her and she will be deeply missed.

“ *Petey... You were one of the most unique and caring individuals that I have ever had the honor to work for at Emory Healthcare. You will always be my "diabetic buddy," & it was always noticed that you never hesitated to give of yourself above & beyond the call of duty. The work ethic that you exhibited will forever be unmatched, & I hope that you know that Emory Healthcare will never be the same without you! Thank you for making the Non-Invasive Cardiology Imaging Department a true "family" away from home! May peace and comfort come to your family & friends who love you so very much over the coming days, and I know that we will all make you proud as your daily smile of sunshine glows down on us from Heaven.*

“ *Petey was one of the most intelligent, fun-loving people I've ever met. She will be missed by so many people in the Nuclear Medicine industry, but so much more by anyone who was privileged enough to get to know the "real" Petey. I loved her direct way of communicating. You always knew where Petey was coming from. she always had a smile on her face whenever I met up with her.*

She and Bob were such an amazing couple together. Bob, I am so sorry for the loss of your beautiful wife, and for your daughter's loss of such a wonderful and loving mother. Her love will remain with you always.

i'm very sorry I won't be able to attend her services, but please know that i am with you in spirit. I wish your whole family love. I hope to talk with you soon Bob.

Love,

Cindi Watts
