“ You will be dearly missed Phil, You were always a great friend and I always enjoyed our time together (which was usually spent harassing each other). The shop and the world is a lesser place for losing you. I look forward to seeing you again one day my friend.

“ Phil was a great guy and a good friend. I'm sorry to say that I hadn't been in touch with Phil in several years, but he was one of the first good friends I made in Georgia when I came here in the '80s. He was there for me at several milestones in my life, including my wedding, and I often thought of getting back in touch. I will miss him.##imported-begin##Tom Berry##imported-end##

“ It's odd how far things can get off track over time. Philip and I had been very close friends for a number of years, then had a falling out. We both went our separate ways, and no matter how many times over the years I tried to look him up, I could never locate him through any of the channels that many of us have to re-connect. Sorry to hear that he has passed.##imported-begin##Jim Soltis##imported-end##
