“ *I was greatly saddened to hear of Bob's passing. I known Bob for many years through our association in the water treatment business. He was a skilled, experienced and innovative practitioner of industrial water treatment technology. But much more than that, a warm, accepting and engaging personality. I always enjoyed his calls and our consultations, which sometimes veered off enjoyably away from water chemistry, and into "real life". My thoughts and prayers are with the Brandvold Family and Bob's extended Premier Family. I am certain Bob is at peace with our Lord. Tony Rossi*

“ *I didn't know Bob very long but I spent the majority of his last month working alongside him. I ended up getting to know him fairly well, after all the hours we inevitably spent chatting. At first he comes off as mildly intimidating because of his intense eye contact coupled with a gregarious and unforgiving witty personality. But, once I talked to him for a while, the wittiness faded as I felt he let his guard down some. He ended up displaying a very gentle kind and caring side. I felt he genuinely loved his friends and family and enjoyed his life best he knew how.*

I do feel honored to have gotten to know him when I did. I wish we could have had more years of conversation but, I'll always cherish the ones we had in our brief month. His short spell in my life was certainly impressionable.

“ *Bob was not a close friend. We only worked together a few times. However, I remember his good wit, energetic demeanor and quick smile. I know that he will be missed and remembered well by those he loved and that he left his mark on this world. And that he has been welcomed by open arms in the next.*
